

GRACE V. RINGLEIN

gringle1@jh.edu | 717-283-9496

EDUCATION

PhD Candidate in Biostatistics , Johns Hopkins Bloomberg School of Public Health Advisor: Elizabeth Stuart; Co-advisor: Trang Nguyen	2022–2027 (Expected)
Master of Science in Physics & Astronomy , University of Pennsylvania	2017–2020
Bachelor of Arts in Physics , University of Pennsylvania Minor in Fine Arts, Concentration in Computer Techniques	2016–2020
• Summa Cum Laude; Phi Beta Kappa; with Honors Distinction in Physics • Graduate of the Roy and Diana Vagelos Program for the Molecular Life Sciences	

RESEARCH EXPERIENCE

JOHNS HOPKINS BLOOMBERG SCHOOL OF PUBLIC HEALTH

Doctoral Research , Department of Biostatistics Advisor: Elizabeth Stuart, PhD; Co-advisor Trang Nguyen, PhD	Dec. 2022– Present
• Dissertation topic: Causal inference under measurement error and unobserved confounding: methods and applications in electronic health records research.	
Collaborative Research , Department of Health Policy and Management Catherine Ettman, PhD	Dec. 2022– Present
• Analysis and ongoing statistical support for investigations of the effect of job loss on mental health (and the potential moderating role of financial strain) using national survey data.	
Collaborative Research , Precision Medicine Center of Excellence in Mood Disorders Key Collaborators: Peter Zandi, PhD; Catherine Ettman, PhD	Jun. 2023– Present
• Cohort construction and power analyses supporting Dr. Ettman's K01 grant <i>Economic Precarity, Costs, and Continuity of Mental Health Care</i> (now funded). • Analysis and ongoing statistical support for research projects related to access and continuity of mental health care using electronic health records. • Statistical support for projects related to comparative effectiveness of antidepressants.	
Collaborative Research , Department of Epidemiology Principal Investigator: John Jackson, ScD	Aug. 2025– Present
• Extraction and synthesis for a literature review of health disparity models.	

NATIONAL INSTITUTE OF MENTAL HEALTH

Post-baccalaureate Fellow (IRTA) , Section on Development and Affective Neuroscience Principal Investigator: Daniel Pine, MD	2020–2022
• Co-authored publications related to pediatric mental health using neuroimaging data. • Conducted early data analysis and analytic planning for projects applying large language models to classify behaviors in therapy session transcripts.	

UNIVERSITY OF PENNSYLVANIA

Undergraduate Research, Multiple laboratories

2017–2020

- Irina Marinov, PhD (Earth & Environmental Science): Co-authored a publication on convection in Southern Ocean climate models.
- Emily Falk, PhD (Annenberg School of Communication): Created novel stimuli for MRI studies of addiction.
- Masao Sako, PhD (Physics & Astronomy): Constructed a pipeline for detecting microlensing events in Dark Energy Survey data.

HONORS AND AWARDS

Society for Causal Inference Travel Award , American Causal Inference Conference	2026
Lodging Award , Statistics in the Age of AI Conference, George Washington University	2024
Best Poster Award , Society for Epidemiologic Research Annual Meeting	2024
• “Trends in the Use of Telehealth by Area Deprivation in a Large U.S. Academic Hospital” (presented by Catherine Ettman).	
Roy and Diana Vagelos Science Challenge Award , University of Pennsylvania	2019
NASA Pennsylvania Space Grant Consortium Scholarship ,	2018
Francis A. Velay Fellowship , University of Pennsylvania	2017

TEACHING EXPERIENCE

JOHNS HOPKINS BLOOMBERG SCHOOL OF PUBLIC HEALTH

Teaching Academy Certificate Program , Johns Hopkins University Center for Teaching Excellence and Innovation	2025–Present
Teaching Assistant , Department of Biostatistics	2023–Present
• <i>Causal Inference in Medicine and Public Health I</i> (3rd and 4th terms: 2024, 2025, 2026) – Guest lecture: Regression Discontinuity Designs (March 4, 2025) – Developing and teaching weekly tutorials • <i>Multilevel and Longitudinal Models: Data Analysis Workshop</i> (2nd term, 2025) • <i>Analysis of Multilevel and Longitudinal Models</i> (1st term, 2025) • <i>Statistical Methods in Public Health I–II</i> (1st and 2nd terms, 2024) • <i>Advanced Methods in Biostatistics I–II</i> (1st and 2nd terms, 2023) • Individual tutoring for a Biostatistics PhD student preparing for comprehensive exams (2025–26)	

UNIVERSITY OF PENNSYLVANIA

Teaching Assistant , Department of Physics and Astronomy	2018–2020
• <i>Laboratory Electronics</i> (Spring 2020) • <i>Physics for Architects</i> (Fall 2019) • Laboratory Instructor, <i>General Physics: Electricity, Magnetism, Optics, Modern Physics</i> (Fall 2019; Spring 2018)	

COMMUNITY, LEADERSHIP, & SERVICE

Biostatistics Student Organization , Johns Hopkins Bloomberg School of Public Health	2023–2025
• Mentorship Committee Co-lead (2024–25) • Curriculum Committee Representative for the PhD Program (2023–24, 2024–25) • Mental Health Graduate Network Representative for Biostatistics (2023–24, 2024–25)	
Alumni Mentor , Pennsylvania Governor’s School for the Sciences	2022–2023
Planetarium Presenter , Maryland Science Center	Summer 2022
Community Arts Instructor , Baltimore ClayWorks	Summer 2022
Alumni Interviewer , University of Pennsylvania	2020–2022
Research Assistant Onboarding Co-lead , Section on Development and Affective Neuroscience, NIMH	Summer 2021
Peer Advisor , University of Pennsylvania	2019–2020

TECHNICAL SKILLS

- **Programming:** R, Python, Bash, MATLAB, SQL, Java
- **Graphics:** Adobe Photoshop, Adobe Illustrator
